COTT[®] Internal Solid-State Drive (SSD) protects your data, boosts your system's performance, consumes less energy, allowing computers to operate at a lower temperature and they are silent, because they have no moving parts. SSD with only 7mm (2,5") height can be the best solution to upgrade your notebook or PC. We offer you SSD with the capacity from 128GB to 2TB.

COTT[®] Electronics carefully chooses their IC: NAND flash and controllers only from the famous and highly durable brands. Each product we produce is tested carefully before launching.

*Limited 3 years Warranty.

COTT Electronics warrants to the original end customer that its COTT-branded memory products are free from defects in material and workmanship affecting form, fit, and function. Any claim alleging that any product fails to conform to the foregoing warranty may be made only by the end customer who originally purchased such product and only while such customer owns such product. COTT Electronics, at its option, will repair, replace, or provide an instore credit or refund of either the original purchase price or fair market value, whichever is lower, of any product that is determined by COTT Electronics to be defective during the warranty period.
